**Subject:** RE: Tower Standard Accelerated Groundwater Investigation Discussion

Hi Kristen,

For this first call , at least, Bristol will not be able to attend because I do not have an approved task order in place. At best, we are still a couple of weeks away from an approval to start work.

I believe it is best to move forward with the call so we can begin this discussion with the rest of the team and try to keep to our tight schedule.

Regards,

Bob

Hi Bob,

Can you confirm Bristol participation in this meeting?

Kristen

**To:** Saari, Christopher A - DNR; Hanson, Kristen; Dave Larsen ([dlarsen@reiengineering.com](mailto:dlarsen@reiengineering.com))

**Subject:** RE: Tower Standard Accelerated Groundwater Investigation Discussion

Thanks for setting up David's participation, Chris.

I spoke to Dave Larsen on Friday and he has obtained some additional insight from a contact on the use of MIP.

I look forward to our call later this week.

**Subject:** RE: Tower Standard Accelerated Groundwater Investigation Discussion

FYI – I have asked David Swimm, a DNR RR program hydrogeologist working in Madison, to join us on our June 3 call. David has a lot of drilling experience and is quite familiar with MIP/LIF/CPT technologies. He should be a valuable contributor to our discussion.

Have a great weekend!
